

## Suggested Accurx/SMS messaging template

### **Including a practice email address**

*Dear XXXXXXXX*

*We require further information regarding your reported ADHD-type symptoms.*

*Follow the link and complete the ADHD self-test. At the end of the test, please forward the PDF report to our team at **\*insert practice email address here\***. We can then process any onward referral. Please note, the NHS ADHD Service currently has a waiting list of two years or more.*

*Many thanks,*

### **Including an Accurx reply**

*Dear XXXXXXXX*

*We require further information regarding your reported ADHD-type symptoms.*

*Please follow the link and complete the ADHD self-test, then forward your Think ADHD PDF report to our team using the link below. We can then process any onward referral. Please note, the NHS ADHD Service currently has a waiting list of two years or more.*

*TO REPLY, FOLLOW THIS LINK **\*ensure reply link is included here\****

*Many thanks,*

### **For Right to Choose requests**

Generally, the patient will have an idea of which provider they have in mind. Each provider has their own requirements, however generally they will require reason for the referral as well as an ASRS.

This information is included in the patient's Think ADHD PDF report, so the PDF can be supplied as an attachment.
